

Welcome to Distance Learning at Pamlico Community College. Students at Pamlico Community College have 24-hour, 7 day a week access to state-of-the-art technology designed to enhance their college experience.

Campus Cruiser is our online portal available to all students at Pamlico Community College. This portal provides students and faculty access to important announcements, college news and information, email, and storage space for personal files. Campus Cruiser is supported by most PC and Mac browsers and smartphones through Campus Cruiser mobile. The quickest way to access Campus Cruiser is through our main website www.pamlicocc.edu and click on the Campus Cruiser icon. This will take you to the login page of Campus Cruiser. For more information you can go to our Moodle website <http://moodle.pamlicocc.edu/> where you will find Campus Cruiser reference guides.

Moodle is the platform PCC uses to deliver online course content and learning activities. Moodle is used by thousands of users across the world! Moodle takes a social approach to online learning. It allows students to interact with instructors and fellow students; sharing ideas, content, and feedback. Moodle will allow students to participate in forum discussions, submit assignments, take quizzes, watch videos, track grades, and more, all online, at any time, day or night! To learn more about Moodle, you can go to www.pamlicocc.edu and click on the Moodle icon and there you will find Moodle reference guides.

Web Advisor is a tool that provides Pamlico Community College students real-time, up-to-date information online 24/7. With Web Advisor, you can view your grades and print your unofficial transcript, see what courses are available, evaluate your program, and much more. You can find more information on Web Advisor by going to <http://moodle.pamlicocc.edu/> and clicking on the "How to Login to Web Advisor."End of Document.
